

The industry's Best and Brightest have studied some of today's most important challenges, all here in one place for you. Nowhere else could this information be gathered in such an economical fashion.

It is a Perfect Storm attacking the shipping industry on every front today. Owners, charterers, yards, lenders and equity are all caught in the whirlpool.

Fortunately Marine Money has created a Special Edition to the rescue.

Our January issue is full of sage advice written by wise veterans of shipping cycles designed to forestall any panic and help right even the most troubled ship. As the enormous issues' spine says "In case of emergency read this."

24 maritime professionals, owners, managers, bankers, accountants, traders, and attorneys, from around the globe offer guidance, advice and strategies for successfully managing the current market. Plus, enjoy four Maritime Fold-ins from the hand and mind of Johnny Kulukundis.
